Finally! A Truly Portable, Take Anywhere Drum Kit!

The Kickboxx Suitcase is a drum set with a Kick, Snare and Tom, plus room for your favorite kick pedal. The Kickboxx acts as a carrying case for the entire set. Packed up, it's small enough to fit in most airline overhead compartments. It features a 14" Bass Drumhead, 10" snare (with throw-off), 10" tom, and retractable accessory posts. Additional accessories can be mounted by attaching accessory clamps to the handle.
