T-TLKD2 Freestyle Talking Drum with Beater

CABASA/SHAKER

- Features loops of steel-beaded chain around specially textured, stainless steel cylinder
- Produces a diverse array of scraping rhythmic patterns, offering a rich sonic tapestry, & blends the textured sound of a cabasa with the soft, melodic sounds of the shaker
- An indispensable addition to any percussionist's setup both in studio & live environments
- Perfect for when soft shaker sounds are desired without sacrificing rhythmic complexity

T-2513-MD Pro Cabasa/Afuche with Shaker - Medium Size

STANDS & ACCESSORIES

COLLAPSIBLE CONGA BARREL STAND

- Fully height-adjustable, heavy-gauge chrome-plated steel with folding legs & rubber grippers
- Design ensures durability & sturdy tripod legs provide stable, reliable foundation for drums
- Collapsible, lightweight & compact profile are perfect for storage & travel
- Drum size/demarcation adjustment lines & rubber grippers make positioning/securing drums easy
- Accommodating nearly every model of conga makes this a versatile choice for percussionists

TFBS-C Collapsible Barrel Stand

UNIVERSAL STAND BRACE

- Stops barrel stands from shifting or "walking" by attaching stands together & provides a stable, secure foundation utilizing the weight of the stands & connected drums
- Chrome-plated steel construction ensures durability & withstands the rigors of regular use
- Design allows quick, hassle-free installation and removal
- Each brace supports two congas (Use two braces for three congas/stands)

TUSB Universal Stand Brace

SYMPATICO SERIES ACCESSORY JINGLES

- Easily attachable jingles, enhance sound possibilities in both recreational & educational settings & offer a vast array of sonic possibilities
- Use with head on the sympatico drum, or dettach head & use as a frame drum
- Simply attach to the underside of drum head with their hook & loop mechanism
