NEW COLOR FOR ALL SYMPATICO DRUMS!

NEW DESIGN!

AD = Autumn Days

The Sympatico™ System has an innovative, and proprietary, internal tuning design. It's significantly lighter than traditional tuning systems, easy to use, and there's no extra bulky, heavy, hardware attached to the side of the drum to get in your way. In fact, it's hidden inside! The sound is instantly amazing and, by virtue of the ability to tune, uniquely your own.

AVAILABLE DRUMS:

The Sympatico Series includes: Nesting Djembes, Nesting Tom Toms, Nesting Djun Djuns, Nesting Ashikos, Nesting Tubadoras, Gathering Drums and Relacement Mallets.

COMPATABILITY:

The heads are designed to simply integrate with Toca's existing line of Freestyle II Nesting Drums including Djembes, Tom-Toms & Djun-Djuns. If you already have one of these instruments, pop on a new Sympatico™ tunable head and bring your playing, and your sound, to a whole new level.

THE HEADS:

There are three different head styles; Fiber, Fiber with Dot and Synthetic Leather, which offer bright/high, mellow/mid, or bass/low tones for any compatible instrument.

AD = Autumn Days, K = Kente, WP = Woodstock Purple Additional (LZ = Lizard Finish) is available on Gsthering Drums Only.
