ANTHONY ALMONTE - NEPTUNE SIGNATURE SERIES CONGAS & BONGOS

Developed by Anthony himself in partnership with Toca's expert team, we introduce a groundbreaking approach to drum finishes. Using a mix of color washes in a spectrum of blues and aquas, the Neptune finish is meticulously applied by hand to showcase the natural blonde wood grain beneath. Gold accents trace the drum's circumference, creating a dynamic and elegant aesthetic. The congas have two-ply premium Asian Oak shells and stand 30" tall, with a traditional hourglass silhouette. The Remo® synthetic heads, gold EasyPlay hoops, and six tuning lugs provide a blend of pro-grade sound, easy playability, and deliver everything from fat bass tones to sharp, cutting slaps. The matching bongos have 7" & 9" Remo synthetic heads, Two-ply Asian Oak shells, and gold hardware, EasyPlay hoops, eight tuning lugs and the same breathtaking Neptune finish.
