 NAMM - JHS/RBI Music Booth 5279

EBARGOED UNTIL JANUARY 18, 2017

NAMM Debut for Marquee Club and The Cavern Club instruments.

On show for the very first time in the US are **The Cavern Club Ukulele Outfits** and **Marquee Club Electric Guitars**.

The Cavern Club Ukulele outfits come in three different artwork designs - **'The Wall'** (CVUK1) featuring the names of the many, many bands that have graced that hallowed stage in its seven decades, **'Fab Faces'** (CVUK2) adorned by close-up illustrations of some band from Liverpool, and the simply named **'Cavern'**

(CVUK3) which shows iconic internal scenes and historic bill posters from one of the worlds most famous venues.

These wooden Ukulele outfits come with a carry bag, plectrum and pitch pipes for tuning and are supplied in attractive, eye catching outer packaging.

Also available in three designs the **Marquee Club** Electric Guitars are extremely playable, great sounding six-string models, with features and specifications you would expect on much more expensive instruments.

The **Marquee 'Axis' Electric Guitar** (MQG6) has a foxy double-cutaway style body with 3 single coil pickups that ooze vintage voodoo, a bolt-on maple neck with rosewood fingerboard, die cast chrome machine heads and traditional fulcrum vibrato.

Meanwhile the **Marquee 'Heaven' Electric Guitar** (MQG99) has a solid single cutaway style body with a set-in maple neck and rosewood fingerboard. Two high output double-coil pickups provide a whole

lotta tones and great sustain, and the die cast chrome machine heads and stop bar tail piece with adjustable tune-o-matic bridge provide solid tuning and issue-free intonation.

Finally the **Marquee 'Salute' Electric Guitar** (MQG69) has a double-cutaway style body with a maple set neck and twin double-coil pickups - ideal to let there be rock or play a bad boy boogie.

All three models feature the Marquee Club logo and pics and images from three of the biggest acts to tread the boards at this truly historic venue.

Check out The Cavern Club and Marquee Club instruments at the **JHS/RBI Music Booth 5279**.
